SOLAR ENERGY SERVICES

Why choose Mindscape?

Mindscape is an awarded industry leader that has helped to create the *Green Energy and Green Economy Act*. We understand the inner workings of the policy world, and how to help our clients' projects succeed. We understand the need for projects to be **appropriately designed**, to have **good financial returns**, and to be **delivered on schedule**.

MINDSCAPE'S PAST SOLAR PROJECTS HAVE INCLUDED PV, SOLAR WATER HEATING, SOLAR AIR HEATING, AND MORE, HAVE RANGED FROM 2KW TO 2,500KW IN SIZE, FROM \$30,000 TO \$18,000,000 IN VALUE, AND HAVE OFFERED PAYBACKS AS LOW AS 6 YEARS.

Here's a sample of what Mindscape can do for you:

- feasibility studies and site assessments
- project management services
- yield forecasts and solar resource assessments
- rooftop shadow analysis
- energy modeling and RETScreen analysis
- financial assessment: determining costs and payback
- processing grants and incentives
- FIT applications (Feed-In Tariff)
- REA (Renewable Energy Approval)s
- CIA (Connection Impact Assessment)s and utility coordination
- preparing bid documents and evaluating contractor submittals
- educating the client to empower informed decisions
- project risk mitigation
- public information meetings
- assessing and managing alternatives for local community ownership participation
- support securing project financing and insurance
- project commissioning and performance verification
- government consultations

PUT US TO WORK!

Examples of past projects:

- solar feasibility study for Canadian Tire Real Estate Ltd
- solar feasibility study for the Historic Saugeen Metis
- solar project management for the Region of Waterloo
- solar planning and payback analysis for Reid's Heritage Homes
- program design services for the Solar Ready program sponsored by Natural Resources Canada
- active involvement in the development of the Green Energy and Green Economy Act

"Mindscape has been an outstanding resource to the solar industry over the years. They've helped us evaluate financing models, manage approvals, utilities and contractors. An exceptional consultant, they have served us well."

— **BRIAN BECHTEL**, *Corporate Energy Specialist, Region of Waterloo*

better homes | better buildings | better communities
